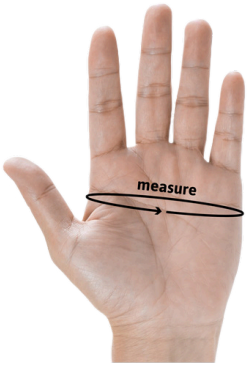
Application Instructions

Zero-Cast Tx Thumb Arthritis splint

Zero-Cast Tx
Dynamic Adjustable Thumb Orthosis

Sizing



Measurement	Splint Size
>18cm (>7 inch)	Small
18-22cm (7-8 inch)	Medium
>22 cm (>8 inch)	Large

Orientation and Description

1. Thumb Cradle
2. Corrective Arch
3. Base Support
4. Silicone Wrist Strap

Orientation

Place the thumb in the thumb cradle as shown in the picture.

The corrective arch should align with both sides of your hand, and the base support should rest near the wrist joint.

Application

Place the buckle side of the strap on the front of your wrist, then wrap the longer side of the strap around to secure it through the buckle
